

Katje Pearson

Katje Pearson has been volunteering at Dog Star Rescue since June 2016. "I adopted a DSR pup in 2014. The volunteers who were involved in my adoption of my Loki were wonderful! Loki is great with other dogs, so I decided to foster." Katje also screens, handles pups at events, helps with transport, and handled admissions at this year's Bark and Brew fundraiser.

Katje's foster dogs are treated like family - even taking them on vacation with her. "It was so rewarding to take Dude, my foster dog, to Maine one year. He is such a happy pup, who always shined during our adventures."

It didn't take long for Loki to get a sibling. "Jareth and Ludo, two Dog Star siblings, really tugged at my heartstrings. I adored fostering these pups, but was waiting for my Loki to give me a sign that she wanted one to join our family. I'm pretty sure a handful of Dog Star volunteers knew before I did that Jareth was going to be my forever foster. He's now Augie Doggie."

Katje lives in Avon with her two lucky Dog Star pups, Loki Loo and Augie Doggie. She teaches kindergarten in Bristol and when she's not working or volunteering, she likes to stay active by going to the gym. "I also enjoy outdoor adventures such as GoRuck, Green Beret Challenge, and Rugged Maniac."
